Conditions of Laboratory Testing and Reporting :

1. Lab tests are only a tool to facilitate diagnosis and should be correlated clinically.
2. Test results pertain to the specimen as well as the assay procedure, equipments used and method specificity, and may show inter-laboratory variations.
3. A repeat test may be carried out in case of:
 - (a.) Insufficient or unlabelled sample.
 - (b.) Mislabeled or unlabelled sample.
4. Lab follows the reporting schedule very strictly. However, there are circumstances beyond our control that delay results.
5. A report carries a 'Provisional' status if it is yet to be verified by the pathologist/microbiologist. The status changes to 'Final' on verification.
6. In case of unexpected test results, please contact the Laboratory. All such queries will be directed to the Lab Head and appropriate investigation will be done.
7. The lab Report is not intended for Medico-legal purpose.
8. *Arrow Suggest an increase or decrease in values compared to the previous result.
